Dear Eller College Admissions Committee:

I am applying to the Eller College of Management as a Management Information Systems major. Since receiving my first laptop at the age of 10, I have loved working with computers, constantly trying to learn everything I could about them. Even at such a young age, I was the “tech guy” of my family and would help them with any technology problems they had. I am excited for the opportunity to continue to grow this passion with Eller’s top ranked MIS program.

Throughout my life, I have always been someone who takes initiative and works hard to achieve my goals. I grew up a homeschooled student, and it was through this that I learned the discipline and time management skills that would be necessary later in life. At the age of 15, I started as a dual-enrolled student at North Idaho Community College after which I came to the University of Arizona with 35 transfer credits. Here at UA, I have maintained a 4.0 GPA along with joining an honors business club, being a part of the Arizona Navigators leadership team, and working a part-time job.

I have always placed a high value on my education, and I am grateful for this opportunity to join one of the most prestigious business colleges in the world. I will bring all my dedication, initiative, and discipline with me as I enter Eller. Thank you for your time and consideration. I look forward to meeting you.

Sincerely,

Brennen Herr
